

ALLIANCE20 PRIORITIES FOR THE NDIS

Alliance20 – Key Priority Areas

Influencing Priorities

1. **Market Stewardship** - Promote ideas and processes that lead to a buoyant and effective provider market in the NDIS.
2. **Registration** - Support the implementation of Recommendation 17 of the NDIS Review Report.
3. **Workforce** - Progress options and innovations which lead to a skilled and growing workforce
4. **Pricing** - Engage with partners to influence new pricing arrangements as outlined by the NDIS Review.
5. **Foundational Supports** -Use Alliance20's long-standing experience to shape the development of these new supports.

Innovation Priorities

6. **Home & Living** - Showcase how new and innovative arrangements can be developed, in partnership with participants/NDIA.
7. **Employment** – Advance employment options and strategies to assist people with disability to access meaningful and sustainable opportunities, drawing on the collective experience and resources of Alliance 20.
8. **Artificial Intelligence** - Collaborate within Alliance20 and with others to develop and promote the ethical use of Artificial Intelligence.
9. **Disability Dialogue** – Actively participate in and support fulsome engagement across the broad disability community.
